

Denim Days, hat pattern for Soul Doll Linn

### Supplies

- 1/4 yard of fabric, plus lining if wanted
- Brad for hat trim
- 9 inches of 1/2 inch gross grain ribbon

### Sewing Directions

Cut out pattern from fashion fabric, plus 1 each hat top and hat side if you want to line your hat.

Sew hat side and hatband with RST at short ends, press seam allowance open.

On hatband turn hem on fold line and press toward the wrong side.

Slid hatband over hat side and baste in place. Machine edge-stitch folded edge of hatband to hat side.

Match notches at top of hat side and the top of the hat. Sew in place. If you are lining the hat, sew another hat side and hat top. Then put the lining in the hat matching at the seam allowance and front notch. Baste at bottom edge.

With RST, sew visor along un-notched edge. Turn RSO, press and edge-stitch. Clip seam if necessary.

Match notch in visor to front bottom of hat and sew in place.

Starting at the back seam of your hat, sew the gross grain ribbon to the seam allowance, so the ribbon is covering the seam. Over lap the ribbon ends at the center back and trim excess. Turn ribbon up into had and press. Tack ribbon to inside of had by hand.

Add a brad, as I did or your own trim.
